HIGHLIGHTS OF KSU’S
ENROLLMENT FOR
SPRING SEMESTER 2015

An Analysis Prepared by
Enterprise Information Management and
Institutional Research

470.578.3609
KSU's spring 2015 enrollment has increased 5% from the prior year.

As has been typical in recent years, the drop between fall and spring enrollments was relatively small at 5%, a decline of 1,315 students from fall’s 25,714.

Over the past ten years, spring enrollment grew by more than 7,000 students (42%).
Credit hours for spring 2015 were up 5%, about the same percentage increase as headcount. Over the past ten years, credit hour enrollment increased almost 52% as compared to 42% for headcount enrollment.
Like the previous fall’s enrollment of freshmen, the spring’s total has fluctuated over the past decade. Of the 4,229 freshmen enrolled Spring 2015, 10% were new beginning or transfer freshmen compared to 72% the previous fall.

- Freshman enrollment increased almost 28% (913 students) from Spring 2005 to Spring 2015.
KSU’s Spring 2015 undergraduate enrollment experienced a 4% increase.

KSU had a net increase of almost 7,000 additional undergraduate students, a 45% increase over the past ten years.

The undergraduate enrollment growth over the past 10 years was 45%, compared to a 14% enrollment increase for graduate enrollment.
Graduate enrollment has fluctuated up and down over the past ten years, but Spring 2015 saw a 7% increase over last spring.

Over the past decade, KSU’s graduate student enrollment has increased about 14%.

Graduate enrollment comprises about 8% of the total student headcount in Spring 2015 at KSU. The percentage has remained between 8% and 11% over the past ten years.
